

# 2014 FEED DEALER SEMINARS

The Feed Dealer Seminars are specifically targeted for nutritionists, veterinarians, other consultants, extension educators, and dairy producers with specific interest in nutrition-oriented topics. They are designed to blend the latest concepts in feeding and other management aspects of dairies with field level application. They have been conducted annually as a road show with multiple sites in New York since the late 1940s and provide opportunities for educational programming with networking in the local regions.

## SPEAKERS

- Dr. Thomas Overton, Professor of Dairy Management, Cornell University
- Maris McCarthy, Ph.D. candidate, Cornell University
- Brittany Sweeney, Ph.D. student, Cornell University

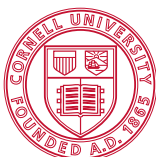

## TOPICS

- Impacts and evaluation of subclinical hypocalcemia in dairy cows
- Strategies to improve fresh cow energy metabolism
- Short topics – update on shredlage, feeding for milk protein, revisiting phosphorus levels in rations, transition cow field study update

## LOCATIONS

Held at 6 sites in New York and 1 in Vermont
