

# 2016 Field Crop Pest Management Meetings

## Overview of Personal Protective Equipment for Pesticides and Changes to the Worker Protection Standard Regulations

*James Carrabba, Agricultural Safety Specialist, New York Center for Agricultural Medicine and Health*

This presentation will give a general overview of the types of Personal Protective Equipment (PPE) that may be required to safely apply pesticides. An overview of the changes to the Worker Protection Standard will also be presented.

### Current field crop pest management issues

*Kevin H. Ganoe, Regional Field Crop Specialist,  
Cornell Cooperative Extension*

A look at pest corn diseases, alfalfa insect pests and weeds that were problems during the 2015 growing season and what can be done to reduce their impact in the future.
