Agenda:

Tis the season for the annual Feed Dealer's Meeting for industry personnel and area producers. Drs. Larry Chase and Tom Overton will present their usual great insights into current nutrition, health and feeding topics. These annual meetings provide us with an opportunity to meet with and interact with you on a regular basis. The interchange of ideas has been great over the years. ***This is your opportunity to bring critical issues or questions of importance in the industry to our attention.*** Your input is extremely valuable to us in helping focus our Extension efforts for the benefit of the dairy industry.

- ◆ Fecal Starch – What Do We Know?
- ◆ Using Small Grain Silages in Dairy Rations
- ◆ Fresh Cow Feeding Strategies – Starch Levels, Protein, Minerals, Immunity
- ◆ Short Topics–Shredlage Update, On-Farm Soybean Processing, Oxygen Limiting Bunker Silo Covers
