**Cornell University**

**Cooperative Extension**

**Central New York Dairy, Livestock & Field Crops Team**

Whether you are buying hay or producing hay for sale or your own use, understanding forage quality is a must! If you want to learn more about the forage quality needs of your horse or those of your customers then plan to attend.

## Topics

- Hay assumptions and myths
- Forage requirements for horses
- "Special needs" horses: EMS, PSSM, PPID
- Hay nutrient content: Fiber and sugars
- Understanding forage analysis
- Cutting management to achieve the desired quality

## Presenters

**Carol Buckhout**

Assistant Professor,  
Equine Business Management  
Cazenovia College

**Kevin Ganoe**

Regional Field Crop Specialist  
Central NY Dairy, Livestock and  
Field Crops Team  
Cornell Cooperative Extension

**Equi-Analytical is offering attendees 10% off on a forage test**
