

## ***Salmonella* Dublin**

*(A real threat to your dairy, veal, or beef operation)*

*Salmonella* can cause serious disease on cattle farms, killing calves, causing cows to abort, contaminating raw milk, and harming humans along the way. While the cattle-adapted strain *Salmonella* Dublin creeps into the Northeastern US, veterinarians and farmers struggle to catch the bacteria in time to protect livestock because these bacteria often hide dormant in carrier animals, making the strain particularly hard to diagnose.

People working with cattle are also at risk. All *Salmonella* strains affect most vertebrates and can jump between species. Even carriers that don't seem sick can shed bacteria, and people, companion animals, and other livestock can pick up the infection through contact with any bodily excretion.

**All farm personnel involved with animal care are invited to attend.**

Come learn what the Cornell University College of Veterinary Medicine's Animal Health Diagnostic Center (AHDC) is doing to manage and control this disease from Dr. Belinda Thompson, Senior Extension Associate at AHDC.

**Where:**

Tally-Ho Restaurant  
156 E Main St  
Richfield Springs 13439

**When:**

October 10, 2018  
11:30am-2:00pm

**Cost:**

Free, but registration is required. Space is limited, register early to save your spot.

**How to Register:**

Call (315) 866-7920, email [herkimer@cornell.edu](mailto:herkimer@cornell.edu) or online at <https://cnydfc.cce.cornell.edu/event.php> or fill out the form on other side and mail to CCE Herkimer County.

**Questions:**

David Balbian  
[drb23@cornell.edu](mailto:drb23@cornell.edu), (518) 312-3592

**Deadline:**

October 8 by noon

### **Agenda**

11:30 a.m. – Registration begins

11:45 a.m. – Introductions

12:00 p.m. – Buffet Lunch

12:45 p.m. – Presentation

- What is *Salmonella* Dublin & why is it so devastating to dairy, veal, & beef operations?
- What is the risk to people?
- How does it spread?
- Treatment, prevention, & control strategies.

1:30 p.m. – Coffee, Dessert, & Questions

2:00 p.m. – Adjourn

## Central New York Dairy, Livestock and Field Crops Team

Cornell Cooperative Extension of  
Chenango, Fulton, Herkimer, Madison, Montgomery, Otsego, Saratoga and Schoharie Counties
