BLUEPRINT FOR CHANGE

Navigating Dairy Decision Making

Topics focused on small and midsize farms:

Tools to Manage Change on Your Dairy

Dairy Acceleration Program - Funding Assistance to Take Stock and Move Forward Through:

- Analyzing operating efficiencies to improve your bottom line
- Planning for growth to accommodate a junior partner in the business
- Position your business for a successful transfer
- Planning the layout of future structures on the farmstead
- Compare your financial performance to other dairies to identify strengths and opportunities for your business
- Planning and budgeting for environmental improvements
