Maximizing Components on Your Farm

**Tom Overton, Cornell Professor and Director of
PRO-DAIRY**

will be coming to Lewis County to discuss practical ways dairy farmers can improve components to boost income.

Topics:

- Environmental & Nutritional Factors
- Role of Genetics
- Management practices to meet your goals

While there is no cost to this program, we do ask that you register by April 15th so we have an accurate headcount for food and facilities

Please register by calling the CCE Lewis County Office
at: 315-376-5270

Or by email to Robin Wendell-Zabelowicz
