**315-339-6922**

## *The Right Way is the Only Way*

Transportation Quality Assurance plays a critical role in the health and welfare of cattle. By using best practices, transporters can save the beef industry millions of dollars each year. When a transporter participates in the program they are showing consumers they are ready to take every step possible to keep cattle as healthy and safe as possible.

**The program covers many topics including:**

- Cattle handling guidelines & diagrams
- Checklists for loading/unloading
- Checklists for hot/cold weather factors
- Checklists for fit/injured/weak cattle
- Checklist for traveling
- Loading suggestions and worksheets
- Bio-security & Emergency Action Plans

**Thank You to Our Sponsor**

**Made Possible Through the Beef Checkoff**

**Funded by Beef Farmers & Ranchers**
