

DAIRY GRAZING TECHNOLOGY

ROBOTIC FARM TOUR & PASTURE WALK

Join us at Cottonwood Farms in Pavilion, NY, where 5th generation farmer, Jason Tillotson and his family manage their milking herd on 5 robots and organic grazing pasture.

What to Expect:

- Tour of the robotic milking facilities
- Learn how the Tillotsons' manage an organic grazing system in conjunction with their Lely automated milking system
 - Cow and nutrition management
- Hear about their soil health and conservation practices
- Discuss innovative technologies to help manage the farm and implement sustainable practices
