

Beef x Dairy Finishing Farm Tour

Questions?
maq27@cornell.edu or
585-405-2567

**THURSDAY, JULY 16
6:00PM - 8:00PM**

This on-farm event will share findings from a NE SARE funded project assessing health, efficiency and profitability of growing and finishing Beef x Dairy cattle on a New York Feedlot/Farm.

The farm owner will share numbers related to average daily gains, health, rumination data and more on BxD cattle versus beef type breeds. The farm will also showcase their feedlot, handling facilities and weighing system during the tour.

**Centerstate Cattle Company
5627 Sevier Road
Auburn NY 13021**

There will be no cost for this event due to support from:

Northeast
Sustainable Agriculture
Research and Education
