## **9.26.2024 Updates from Cornell Cooperative Extension's SWNY Dairy, Livestock, and Field Crops Program**

A partnership between [Cornell University](#) and the Cornell Cooperative Extension Associations in these five counties:  
[Allegany](#), [Cattaraugus](#), [Chautauqua](#), [Erie](#), and [Steuben](#).

***Thank you Amelia Parseghian from NY FarmNet and Andy Vosburg from Progressive Dairy Solutions, Inc. for sponsoring this Weekly Update.***

### **Last Chance (We Still Need a Few More Responses!!!) for Farmers Market Survey**

CCE and the Farmers Market Federations of NY have put together a survey to establish Benchmarks for farmers market costs, prices, and standards. Please consider completing the survey if you sell your products at markets!

### **LEAF Workshop: Biosecurity - Controlling Dangerous Germs Lurking on the Farm – Wednesday, Oct 2, 6pm – 8pm**

Join us for a discussion on bacteria and viruses that are of concern to livestock farms in WNY. We'll discuss the most common ones for poultry, small ruminants, pigs, and cattle and review preventing and managing these diseases. This session is offered simultaneously in-person and over Zoom.

### **Beef Quality Assurance Training – Saturday, October 5<sup>th</sup>, 9am – 3pm in Cherry Creek**

Join CCE the Region 2 Beef Producers association for a BQA meeting, complete with chuteside training, and two industry-related presentations. John Kriese's "Together We Are More" shares the importance of building relationships in the beef industry, and Jeffery Winton will speak on rural mental health resilience.

### **Practical Lessons Learned from Advanced Soil Health Training**

Recently, I participated in the first meeting in the Advanced Soil Health Training Cohort hosted by American Farmland Trust. Topics that we cover throughout the program include increased soil health, cover crop management, conducting soil health assessments, and economic considerations of adoption. With the first meeting having taken place in August, I wanted to share some of the lessons I learned about adopting conservation practices.

### **Upcoming Events**
