06.26.2025 Updates from Cornell Cooperative Extension's SWNY Dairy, Livestock, and Field Crops Program

A partnership between [Cornell University](#) and the Cornell Cooperative Extension Associations in these five counties: [Allegany](#), [Cattaraugus](#), [Chautauqua](#), [Erie](#), and [Steuben](#).

Thank you **Ben Scott from Advanced Dairy Services** and **Patrick Coates from [Farm Credit East](#)** for sponsoring this Weekly Update.

IPM Strategies to Protect Corn and Soybean Seed in NY

We hope you'll join us for our upcoming field day being hosted on July 30th from 11:00 AM – 1:00 PM in Hamburg, NY. Topics include research updates on seedcorn maggot, tools for assessing risk and predicting pest pressure, and a discussion on neonicotinoids—what they are and how to adjust management practices without them. 1.25 DEC credits in 1a, 4, 10, and 21 are available. A free lunch will be available for all attendees, so register today! If you have any questions or concerns, contact Katelyn Miller at 716-640-2047.

Looking for a Sheep, Goat, or Camelid Shearer? Updated Shearer List for NYS Farms

Every year, Cornell compiles a list of shearers who service farms NYS. If you're looking for someone, this list can help! If you'd like to be added to the list, reach out to Jess Waltemyer at jrk272@cornell.edu.

Dealing with Hot Weather

Regardless of what critters are in your care, it's important to reduce stress on them. Remember to also take care of yourself during this heat wave.

Meet John, our Team's Summer Field Technician

We're excited to have John on our team for this summer as we work around the region! If you see him out and about, don't hesitate to say hello.

Upcoming Events			
For more information and to register, click on the title hyperlinks.
