07.10.2025 Updates from Cornell Cooperative Extension's SWNY Dairy, Livestock, and Field Crops Program

A partnership between [Cornell University](#) and the Cornell Cooperative Extension Associations in these five counties: [Allegany](#), [Cattaraugus](#), [Chautauqua](#), [Erie](#), and [Steuben](#).

*Thank you **Patrick Coates from Farm Credit East** for sponsoring this Weekly Update.*

Sheep and Goat Internal Parasite Management Training in Woodhull, NY August 12th, 6pm – 8:30pm

Join Cornell Pro-Livestock's Small Ruminant Specialist, Jess Waltemyer, and Amy Barkley for an evening learning about internal parasites and their lifecycles, strategies to reduce the need for antiparasitic drugs, and ways to use dewormers to reduce resistance issues. Register for this free event [here](#).

Rain vs. Herbicides

Weeds and weed control are impacted by wet weather and subsequent flooding conditions for a variety of reasons. Check out this article to learn more about how herbicide efficacy can be impacted by wet weather.

Reflections From The 2025 American Dairy Science Association Conference

Take a moment to read our dairy specialists reflections from the 2025 ADSA conference.
