07.17.2025 Updates from Cornell Cooperative Extension's SWNY Dairy, Livestock, and Field Crops Program

A partnership between [Cornell University](#) and the Cornell Cooperative Extension Associations in these five counties: [Allegany](#), [Cattaraugus](#), [Chautauqua](#), [Erie](#), and [Steuben](#).

Thank you **Don Wild from Wild Acres Family Farm** for sponsoring this Weekly Update.

Cornell's Animal Health Diagnostic Lab – A Resource for NYS Livestock Farmers

As part of its mission, Cornell's Animal Health Diagnostic Center (AHDC) offers valuable diagnostic services to New York State livestock producers. They can evaluate freshly dead animals, blood, and tissue samples to determine what the cause of illness or death is in your herd or flock.

IPM Strategies to Protect Corn and Soybean Seed in NY

Register today for our upcoming field day taking place in Hamburg, NY on July 30th from 11:00 AM – 1:00 PM. Topics include research updates on seedcorn maggot, tools for assessing risk and predicting pest pressure, and a discussion on neonicotinoids—what they are and how to adjust management practices without them. DEC credits in 1a, 10, 21 and 4 are available! Register today by [clicking here](#) or by calling Katelyn Miller at 716-640-2047.

Field Crop Finds

Check out the newest Field Crop Finds for tips on how to prepare for wheat harvest!

International Trade and Your Milk Check

Read about how international trade could affect U.S. dairy farmers return on their milk check.

Upcoming Events
